NIGHT CBN GUMMIES

Balanced Cannabinoid Formula for Restorative Sleep

RRP \$99

WS \$84

30 pieces | WS \$0.055 / mg

PRODUCT INFORMATION

For individuals needing nighttime support, Coronel Buendia Night CBN Gummies offer a balanced 1:1:1 ratio of THC, CBD, and CBN (20mg each) to promote relaxation, sleep continuity, and relief from nighttime discomfort.

Studies suggest that CBN, when combined with THC and CBD, enhances sedative effects, helping to reduce restlessness, ease muscle tension, and support longer, uninterrupted sleep cycles.

Unlike inhaled cannabis, which produces rapid but shorter-lived effects, edibles provide a gradual onset and prolonged therapeutic impact. As a result, these gummies may offer a more sustained sleep solution compared to vaporised or smoked cannabis.
